VOLUME 3.

MARYVILLE, MISSOURI, SATURDAY, APRIL 12, 1913.

NO. 269.

JONES TO ENTER

CHILLICOTHE FAVORITE WILL BE IN TRACK MEET.

20 SCHOOLS IN CONTEST

More Interest This Year Than Ever Before in Big Annual Inter-High School Meet.

That the track meet and the literary contests to be held in Maryville April 25 and 26 will be a great success is evidenced by the interest taken by the high schools over the Normal district. Twenty high schools will be represented in the track meet, and nearly that number will be in the other contests.

The representatives of Central high school of St. Joseph for the literary contests have been chosen. Miss Hazel Vaughn, a sophomore in that school, will be in the declamation contest. Cedric Priebe will be in the essay contest, and William Stone will be in the oratorical contest. The subject of Priebe's essay will be "The Panama Canal as a Factor in American Commerce." Stone's subject will be "Prosperity Around." The Central school will send a large delegation here for the annual contests and will enter in all of the events for the track meet. The orchestra from Central will also furnish music for the oratorical contest.

Chillicothe high school is going to make a strong effort to carry off the honors in the track meet, and the following is from the Chillicothe Constitution of Friday's issue:

The local high school will have the strongest team ever to compete for the prizes at the Northwest Missouri track meet at Maryville the latter part of this month. Nicholson, the Missouri university star hurdler, who won second place in the Olympic games at Stockholm, Sweden, last season, will be here April 17, 18 and 19, and will work the locals continuously for the three days and will probably have them in the pink of condition by the time of the fray. Some of the local students who will participate in the meet will be Harry Hayden, the all-star athlete who took first honors at the Maryville meet last year with some ten to twelve high schools competing. Hayden is every bit as good as he was a year ago, and by the time for the Northwest meet he expects to even touch finer point than a year ago.

Horace Scruby, one of the youngest members of the team, is fast rounding into fame as a hurdler and pole vaulter and is expected to feature in the winning this year.

Jones, the short runner, has records from other schools of the state to prove his ability. There are few better.

Charles Glasgow promises to develop into another Steele, who holds some of the highest records of the world for his long runs. Glasgow is long winded, well developed and fast on his feet.

Kenneth Russell is a general man of no mean accomplishments. He is a first class high jumper and will be found at the top.

Curtis Perryman is general manager of the team and is a hustler for true. Beside having a business head he is a long runner and will probably take part in the meet.

The local team has secured new equipment of every sort and hard work will be started immediately. One of the largest delegations that ever accompanied them to Maryville will be present this year to see them mount the top and establish a few more records to the already large number held by Chillicotheans at the western city.

W. C. Parrish and Lee Rasco of near Barnard were in the city Saturday.

Mrs. Bert Wray went to St. Joseph Friday evening.

Sweet Pea Seed

True Spencer Orchid Flowered, 20c per oz. Ordinary varieties, 10c per oz. Nasturtium Seed in best mixture of either tall or dwarf, 20c per oz. Fresh Cut Flowers for any occasion, in appropriate arrangements, and plants for all purposes at all seasons of the year. Best quality at reasonable prices.

THE ENGELMANN GREENHOUSES

1001 South Main St.
Phones, Hanamo 171-3; Bell 126.

LAST NUMBER IN COURSE.

Miss Marie Jones and Mrs. Ella Van Huff in Successful Recital Friday Night.

The song recital Friday night at the First M. E. church by Mrs. Ella Van Huff, contralto, of Kansas City, assisted by Miss Marie Jones, soprano, of this city, who studies with Mrs. Huff, closed a very successful course of musicals, which has been conducted during the season under the auspices of the Conservatory of Music.

Mrs. Huff, who is by no means a stranger to music lovers of Maryville, possesses a voice of rare quality and exceptional volume. Years of study with the great voice teachers in three countries has given her seemingly perfect control, and her effects in interpreting the various songs of her program were obtained with absolute ease, whether requiring the greatest volume or the most delicate pianissimo.

Her selection of songs for this program was happy indeed, and everybody was more than pleased with the entire recital. As an encore for her last group, Mrs. Huff sang "The Cradle Song," the music of which was composed by Prof. P. O. Landon. This proved to be one of the most pleasing numbers.

The duets by Mrs. Huff and Miss Jones were thoroughly enjoyable. Miss Jones' solo, "The Flowergirl," by Beethoven, convinced her many admirers here that she is improving and developing what has always been a remarkably pleasing voice. Certainly one is safe in predicting for her a brilliant future.

TO HAVE BANQUET TUESDAY.

The Methodist Brotherhood to Have Affair and Rev. Simpson of Shenandoah the Speaker.

The Methodist Brotherhood will hold their monthly banquet Tuesday evening at 6:30 in the parlors of the church. Everybody is invited to attend and the tickets will be 25 cents. The speaker of the evening will be Rev. Frederick Simpson, pastor of the First M. E. church of Shenandoah, Ia., who will talk on the subject "A Man's Job." Music will be given by the First M. E. Sunday school orchestra, directed by T. B. Maulding.

On Sunday morning Rev. Gilbert S. Cox will deliver a sermon on the men of the Methodist Brotherhood, and an opportunity will be given to any one desiring to join. At the close of the morning sermon the newly elected officers of the Brotherhood will be installed. The following are the officers: C. C. Corwin, president; J. W. Airy, vice president; Chester Bennett, secretary treasurer; S. H. Kemp, chairman of social service committee; Prof. J. A. Lesh, chairman of religious work and Bible study committee; John Moore, chairman of social membership committee.

RURAL EXERCISES MAY 17.

Date of Track Meet and Literary Exercises of Polk Township Graduates Fixed.

The rural commencement exercises and track meet of the rural graduates of Polk township will be held in Maryville, Saturday, May 17. The exercises will take place at the Empire theater at 1:30 o'clock, and immediately after the track meet will follow and will be held on Main street. This was decided at a meeting of the Polk township teachers held at the Maryville Business college on Saturday morning.

The officers selected by the teachers follows: Miss Golda Roach, president; Miss Mary Fordyce, secretary; and Miss Grace Fisher, treasurer. For the track meet, Prof. V. I. Moore will be referee, H. P. Swinehart starter and L. M. Eek, announcer. The judges for the meet will be Homer Neff and Gordon Vickery.

The committees selected follow: Program committee—Golda Roach, chairman; Mary Fordyce and Mary Watson.

Decorating committee—Grace Fisher, chairman; Homer Neff, Gordon Vickery, Hazel Masters, Eva Whitehead and Ruby Ruddell.

CAMPAIGN STATEMENTS.

Those Who Ran at the Recent Township Election Are Filing Their Expense Accounts.

Several of the candidates at the recent township election are filing their campaign expense statements with Recorder Wray. E. H. Bainum, successful candidate for trustee, spent \$30.45; W. L. Johnson, elected as justice of the peace, spent \$2; E. F. Hamlin, elected assessor, spent \$13.75; Jacob B. Moore, defeated candidate for assessor, spent \$16.40; Richard Snyder, elected constable, spent \$8.60; R. L. McDougal, elected justice of the peace, did not spend a cent in his campaign.

PAVING ORDERED

CAMPAIGN STARTED AT COUNCIL MEETING FRIDAY.

THE SESSION WAS LONG

Special Meeting Monday Necessary to Finish Up Large Amount of Business in Sight.

At the council meeting Friday night the paving campaign in the city was started by the council. They adopted ordinances and resolutions to pave with brick Fifth street from Market to Buchanan, a distance of two blocks, and in front of the new postoffice building; Market street from First to Third streets, a distance of two blocks; two alleys, one between Main and Market, and between Fourth and Fifth streets, and the other alley between Main and Market and between Second and Third streets.

There will probably be some remonstrance petition filed against the contemplated paving, and it is necessary to have a majority of the property owners against the paving before it is defeated. If a majority can be secured then the council will advertise for bids for the paving and work will start.

Another street to be paved will probably be Thompson street from Main to Market. It is understood that the property owners are in favor of the paving here.

A petition for a sidewalk for West Halsea street was allowed.

The council meeting was a long session Friday. They adjourned to meet again on Monday evening.

The council decided to stand good for the paving tax bill for the library. The bill was held by Mr. McClurg, and the council agreed to pay him over \$500 with 8 per cent for four years.

Silage Cheapens Production.

The Kansas experiment station has an experiment comparing the manufacture of milk from grain and from a silage ration. It found that the grain ration when used cost \$1.05 to produce the 100 pounds of milk, and when silage was substituted in that same ration for half the grain it reduced the price to 68 cents per 100 pounds, a difference of 37 cents. It also found that it cost 22 cents to produce one pound of butter fat in the case of where grain was used, and only 13 cents where silage was used to take the place of half that ration. A difference of 9 cents again. The profit per cow per year where grain was used, \$58.50. You will notice that it increased the profit from each individual in that herd \$34 to cut the corn and put it in the silo. Bellows Bros. are selling silos.

Will Speak at Rockport.

Judge W. C. Ellison is to be one of the main speakers at the thirteenth annual meeting of the State Association of County Assessors, to be held in Rockport, May 1, 2 and 3. Governor Elliott W. Major will also deliver a talk at the meeting. Judge Ellison will talk on the "General Revenue Laws and Equalization of Laws on Personal Property and Real Estate in Missouri."

Moved to St. Joseph.

Mrs. Frank Crockett and family went to St. Joseph Friday to make their home, also a niece of Mrs. Crockett, Miss Sylvia Murphy, who makes her home with them. Ursle Crockett, who is employed at The Democrat-Forum office, went with the family, but will return to his work the first of the week. He is just recovering from a two weeks' illness.

In City Police Court.

Nate Logan was fined in city police court Saturday morning by Mayor Robey, when he pleaded guilty to being drunk. The fine and costs amounted to \$11.10.

LIVE STOCK MARKETS.

CHICAGO.
Cattle—100. Market steady. Estimate tomorrow, 22,000.

Hogs—7,000. Market 5c higher; top, \$9.45. Estimate tomorrow, 33,000. Sheep—2,000.

KANSAS CITY.
Cattle—300. Market steady.

Hogs—1,000. Market 5c higher; top, \$9.30. Sheep—None.

ST. JOSEPH.
Cattle—None.

Hogs—800. Market 5c higher; top, \$9.20. Sheep—None.

ALDEN A SUICIDE

MARYVILLE MAN TAKES HIS LIFE IN KANSAS CITY.

TRIED TO QUIT DRINKING

He Was 36 Years Old and is Survived by Wife and Daughter—Was Well Known Here.

A telephone message was received Saturday morning at 10 o'clock by Edwin Brewer, 721 East Fourth street, of this city, from his son-in-law, Everett Connor of Kansas City, saying that Ernest Alden, formerly of Maryville, had committed suicide in that city Friday night at 8 o'clock by shooting himself. Mr. Connor requested Mr. Brewer to tell the news to Mr. Alden's mother, Mrs. A. E. Alden of this city, who lives near the Brewer home.

The Kansas City papers of Saturday morning, it is learned, stated that Alden, who is a barber, had been drinking heavily for a few days, and his wife gave it as her opinion that he was despondent over the hold the appetite for drink had on him and that he took his life because of it. She said he had threatened many times to commit suicide. The account in the papers said that he went home Friday night about 8:30 o'clock to his home, at 1105 Garfield, and said to his wife: "I'll never take another drink after tonight."

Soon after he entered the bed room vacated by his wife, who had been pleading with him to stop drinking, and shot himself in the temple with a revolver.

The Alden family moved to Kansas City last August, where he was employed as a barber. He was 36 years old and is survived by his wife and a 12-year-old daughter, Marie. Mrs. Alden is a daughter of Star Carmichael of Pickering and a sister of Mrs. Alfred Royston of this city.

The deceased had been employed in Maryville at intervals for a number of years as a barber. He had tried many times to give up the habit, and had succeeded in letting liquor alone for several months at a time, but would break over again and lose his position. No funeral arrangements have been made, but the burial will probably take place here.

News of Society and Womens' Clubs

Going to Have a Sock Social.

At the meeting of the Ladies' Aid society of the Buchanan Street Methodist church held Friday afternoon at the home of Mrs. J. H. Thorp, plans were made for a sock social to be given the evening of May 1. After the business meeting the ladies had a good social time and refreshments were served by the hostess, assisted by her daughter, Mrs. William Mann, and her daughter-in-law, Mrs. Charles Thorp. The society adjourned to meet next Friday afternoon at 2 o'clock at the home of Mrs. Henry Stapler.

Mothers' Circle Meeting.

The Mothers' Circle met at the home of Mrs. Leslie Dean Friday afternoon. Following the devotional a short business session was held. Mrs. E. B. Sheldon was elected delegate, with Mrs. C. E. White alternate, to the first annual convention of the Missouri branch of the national congress of mothers, which convenes at Louisiana, Mo., April 29 and 30. The Maryville Circle is very proud to be represented in this congress. The Circle acknowledges a vote of thanks from the ward schools for the placing and equipping of emergency cabinets in each of the schools.

A question which has been playing hide and seek with the Circle for several months was finally hunted out and presented by Mrs. Eugene Ogden. She defined one of Maryville's needs, as a social center for young people, combined with a rest room for our rural friends. This subject was received with enthusiasm in the round table discussion, led by Mrs. Berney Harris.

In the meantime, while we are waiting to equip this club room, we must not forget to "swat the fly"—which reminds up that an "ounce of prevention is worth a pound of cure." There might not be so many flies to swat if only some kind of a garbage system could be established.

The Circle will meet with Mrs. W. H. Allen the second Friday in May.

FARMERS MUTUAL HELD MEETING

Company Refused to Increase Amount of Risk Above \$2,000—Directors Elected.

The Farmers Mutual Fire and Lightning Insurance company of Nodaway county held their annual meeting in the city Saturday for the purpose of electing three directors and going over the annual report of business transacted the past year. A. Shiel and Wm. Woods of Burlington Junction and Dr. E. W. Bishop of Ravenwood were again selected as members of the board of directors of the company. The other members on the board are J. L. Heburn, Hopkins; C. D. Hooker and U. I. Wilson, Maryville; Wm. M. Blackwood, Clearmont; R. B. Gex, Graham; D. A. Northover, Hopkins.

The contemplated change in the by-laws of the insurance company to increase the limit on single risks to an amount greater than \$2,000, as it is at present, but not to exceed \$3,000, was voted down.

The report of the company shows that there has been an increase in business of \$262,250, and the total amount of insurance written now is \$4,927,450. The numbers of members last year were 2,846, and the number of members at present is 2,982. The policies issued were 723, renewals 499 and new ones 314. Additional policies issued were 128.

The losses during the year amounted to \$9,110.28. The balance in the treasury at the present time is \$8,001.28.

The insurance company has been organized for the past twenty-two years, and since that time A. Shiel of Burlington Junction has been its secretary. There was a large attendance of the members present at the meeting Saturday.

WONT DRIVE THEM OUT.

Rule of Reason to Govern State Officials in Dealing With Insurance Companies.

Missouri will not drive the fire insurance companies out of business by stringent enforcement of the new Orr bills, one of which contains an anti-trust clause and the other repeals the Oliver rating act adopted two years ago. The enforcement of the anti-trust provisions will be along the "rule of reason" lines promulgated by the United States supreme court in recent decisions, and the companies may reform actuarial and rate bureaus to furnish information concerning policy risk rates.

That program is the result of conferences in Jefferson City between Charles G. Revelle, state insurance commissioner, and John L. Barker, attorney general.

"The companies may re-establish the actuarial bureau, may consult rate cards or books or any information from any source in determining the rates to be charged," Mr. Revelle explained. "But the bureau must not dictate—as it has done; it simply may inform or recommend to the companies concerning rates. The mere fact that two or more companies charge the same rates will not be sufficient to convict under this statute unless the state goes further to show the rate uniformity is due to a mutual agreement."

"If the old companies withdraw there should be no damage to credits or investments. There are now forty-two reciprocal and mutual insurance companies in Missouri, and enough more to handle all risks can be organized at once."

"The laws will not affect in any way the investment, mortgage and security business as has been threatened."

Visiting at Gallatin.

Mr. and Mrs. John Dawson went to Gallatin Saturday for a few days' stay. They will visit the family of D. D. Deem, formerly of Maryville, while there. Mrs. Deem is expected home soon from Kansas City, where she underwent a serious surgical operation in one of the hospitals there. This is the second operation Mrs. Deem has submitted to in the last year, necessitated by an injury she received in a runaway two years ago.

Twin Baby Died.

Doris, one of the twin daughters born to Mr. and Mrs. John Ashbrook of Skidmore three weeks ago, died Friday night, of stomach trouble. The funeral and burial services were held Saturday afternoon at 4 o'clock at the Skidmore cemetery, conducted by Rev. S. D. Harlan. Mr. and Mrs. Ashbrook have two other children, Georgia and Dorothy, the twin sister of the dead child.

Attended Child's Funeral.

Mrs. Stant Garten returned to her home in Pickering Friday, having come to Maryville Thursday to attend the funeral services of Donald Eugene Hulsbeck, who died Wednesday night.

AFTER THE CUPS

NORMAL AND HIGH SCHOOL BOTH AFTER THEM.

TRIAL COMES TUESDAY

Besides the Orations on Washington and Lincoln, Excellent Program Has Been Prepared.

If you want to hear about 400 leather-throated students give vent to their enthusiasm with songs and yells, and also hear four excellent orations, two on Abraham Lincoln and two on "The Father of His Country," come out to the First Christian church next Tuesday evening and take in the Washington-Lincoln oratorical contest between the representatives of the Normal and the local high school. How George "did things" to his father's favorite cherry tree and rode to death his mother's choice quadruped, and many other interesting points in the career of Washington will be told by Miss Myrtle McPherron, representing the Normal, and Miss Laura Craig of the high school. "Honest Abe" will be properly taken care of by George Crowson of the high school and James Jones of the Normal.

The winner of the Washington contest will be presented with the handsome silver trophy cup which was purchased at the time of the first contest by the local G. A. R. and a similar cup will be given the successful Lincoln contestant, this cup having been presented by the local chapter of the W. R. C. Each cup is to be kept by the school whose representative wins it, until the next contest.

Mr. R. L. McDougal will preside as chairman of the ceremonies. Aside from the orations an interesting program has been arranged. Following is the order of the evening's exercises:

Song, "America."
Invocation.
First oration—Mr. James Jones.
Second oration—Mr. George Crowson.
Vocal solo—Miss Nellie Wray.
Third oration—Miss Myrtle McPherron.
Fourth oration—Miss Laura Craig.
Conference of judges.
"Comrades in Arms"—Normal Male Quartet.
Offering.
Presentation of cups.
Benediction.

SUES FOR A DIVORCE.

Maud Norman Brings One Against C. E. Norman, Charging Non-Support.

A suit for a divorce was filed Saturday morning in the office of Circuit Clerk Rathbun by S. E. Browne, an attorney of Hopkins, for Maud Norman against Charles E. Norman. The petition states that they were married January 2, 1905, in Maryville and lived together until August, 1909, when the defendant failed and refused to support and care for the plaintiff, and it was necessary for her to take in washing to support herself, causing her to be ill and in a weakened condition, so that she was unable to continue the work. The petition says the whereabouts of the defendant is not known. The case will come up at the June term of court.

DEATH AT BURLINGTON JUNCTION

A. J. Aesdale Died at 5 o'clock Friday Evening—Funeral Monday Morning at 10 o'clock.

A. J. Aesdale, aged nearly 77 years, died at his home in Burlington Junction Friday afternoon at 5 o'clock, after a protracted illness.

The funeral services will be held Monday morning at 10 o'clock at the family home. Mr. Aesdale was a member of the United Presbyterian church. He is survived by his wife and two sons, Wilson and W. J. Aesdale, who are proprietors of a general store at Burlington Junction.

High School Notes

Goodson Lytle, a member of the 1912 class, who is now working in Clarinda, Ia., was a visitor last Monday. Among the other visitors of the week were Miss Eleanor Smith, Miss Hazel Everhart, Miss Anelo Loranee, Miss Helen Hely and Theodore Robinson.

The Postia Quid society held their first meeting Tuesday afternoon. Five professions were discussed by the students and Dr. Hamilton, who has just recently moved here, gave a very interesting talk on medicine as a profession. The next meeting will be held next Tuesday. Edgar Hull will lead a discussion on the "Type of the Present Business Man," and there will be a debate on the question "Resolved, that a business offers more chances for success than a profession." Halley Ford and Philip Colbert will take the affirmative and Kirker Sawyers and George Wamsley will take the negative.

Jack Holt, a member of the junior class, was operated on Tuesday morning for appendicitis at St. Francis hospital. From the last reports he is getting along nicely.

The girls' basket ball team, captained by Mildred Hancock, won the series between the two girl teams by winning from Nina Bent's team 6 to 2 last Thursday. There were four games played and Mildred Hancock's five was the victor in three of them. A team will be picked to play the Normal girls next Friday.

The dual track meet between the high school and Normal scheduled for last Friday was cancelled on account of the weather.

An elimination contest was held Fri-

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.
We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

NAT. BANK OF COMMERCE, Toledo, Ohio.
Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.
Take Hall's Family Pills for constipation.

I couldn't make a deal with any large wool house, but still I want to buy your "WOOL"

We buy at all times at highest market value, Hides, Furs, Wool, Poultry, Eggs, Sheep Pelts, Tallow, Grease, Beeswax, Feathers, Junk, and Cream. At this season of the year we are especially desirous of obtaining fresh Eggs for storage.

P. S.—A word about Cream. We buy more cream than any station in northern Missouri. There Must be a Reason. Better try us with your next can and see.

Sunday Services
at Local Churches

First Presbyterian Church.
Our service program for tomorrow is as follows:

Sunday school at 9:45 a. m.
Morning worship at 11 o'clock. The sermon will be about "Some Things That Money Cannot Buy."

Young People's club at 7 p. m. Miss Ora Eckles will speak on Clara Barton and the work of the Red Cross.

Evening service at 8 o'clock. The sermon will deal with "Our Friendly Foes."

Monday at 8 p. m. the pre-presbyterial meeting will begin. The Rev. B. P. Fullerton, D. D., LL. D., will be the speaker. Dr. Fullerton is in charge of the south and southwest for the board of home missions of the Presbyterian church. He was moderator of the general assembly in 1908. He will open the pre-presbyterial conference, which will continue through Tuesday.

Mr. J. M. Patterson of the foreign board and Rev. R. H. Houseman, superintendent of Sunday school work for the Presbyterian church in Nebraska, will, with Dr. Fullerton, conduct the Tuesday sessions.

Tuesday evening Rev. Herbert Blair of Korea will be the speaker.

Wednesday the presbytery will hold its meeting, and in the evening Dr. J. H. Speer, superintendent of home missions for the synod of Missouri, will deliver the address.

The presbytery will close its session Thursday noon.

Monday evening the Normal Male Quartet will sing.

Tuesday evening, Mrs. F. P. Robinson will sing, and on Wednesday evening Rev. Gilbert S. Cox will sing.

All of these meetings are for all who are interested in the upbuilding of the kingdom.

The men who will address the evening congregations will bring inspiration to the pastors and people of all our churches, and the Presbyterians hope that these evening meetings will be attended by their Methodist, Christian and Baptist friends, and that the people of the city will avail themselves of these opportunities. We expect from seventy-five to a hundred delegates.

SAMUEL D. HARKNESS.

First Christian Church.

Regular preaching by the pastor, Rev. Claude John Miller, both morning and evening.

Bible school at 9:30.

Junior Endeavor at 2:30.

Intermediate Endeavor at 6:45.

Senior Endeavor at 7. Leader, Beal Roseberry. This is the honorary members' meeting. Subject, "I Can Do All Things." Special music at this service.

Morning subject, "Lazarus of Bethany." Evening subject, "Why Study the Bible?" This is the second of a series of sermons on the Bible. The first one was given last Sunday evening. The next two will be given as follows: April 20, "How to Study the Bible;" April 27, "The Bible an Indestructible Book."

The music for the regular church services will consist of a solo by Mrs. Harry Todd in the morning and an anthem in the evening.

The Dietz sisters orchestra will furnish special music at the Sunday school. All are cordially invited to attend these services.

First M. E. Church.

Sunday school at 9:30 o'clock. There were 350 present last Sunday and you are needed to make the Sunday school better tomorrow.

Preaching services at 10:45 with sermon by the pastor on "The Modern Crusaders." The choir will sing "The Lord is My Light," by Salter. There will be a class of young people from the Sunday school admitted into the church membership and others will join by letter. At the close of the sermon the installation of the newly elected officers of the Methodist Brotherhood will take place.

Epworth League at 7 o'clock. Leader, Ralph Strader.

Prof. Harry Miller of the Normal will occupy the pulpit in the evening at 8 o'clock. The choir will sing "Praise Ye the Father," by Gounod.

REV. GILBERT S. COX.

First Church of Christ Scientist.

Church edifice, South Main street. Sunday morning service 11 o'clock. Sunday school at 9:45 o'clock.

Wednesday evening service at 8 o'clock.

Reading room located in church, and is open daily except Sunday from 2 to 5 p. m.

Subject lesson-sermon April 13th, "Are Sin, Disease and Death Real." The public is cordially invited to attend all services.

Buchanan Street Methodist Church.

Sunday school at 9:30. The biggest, best and brightest Sunday school of the year last Sunday. Another great lesson for tomorrow.

Preaching at 10:45 by the pastor.

Quality and Service
Command the Price

YOU who are on your feet lots and wear out lots of shoe leather will do well to consider where and by whom your shoes are repaired, for know ye this, there is a vast difference between different machines used in the shoemaker's trade.

There are MACHINES and then there are machines, which to the bystander knowing nothing about their workings, look very similar to one another.

Yet there is a difference, and this is plainly shown in the work done by the two.

Take a poor machine and good leather and work is turned out that the mechanic ought to be ashamed of, and again, take this same leather—or some of the BEST—and let the repairing be done on a first class machine, operated by a man who has had years of training at that make of machine and many years experience as a shoemaker, and what kind of a job have you then? The answer is a self-evident fact—

A job that not only pleases the customer's eye and knowledge of superior workmanship, but also pleases his feet.

R. S. BRANIGER

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man would well be.

I must say that after taking two 25-cent packages of Thedford's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron. This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Thedford's."

WHAT CAN THEY DO?

The Young Man and Boy's Place in the Church as One Boy Viewed It.

At the man and boy banquet at the First Presbyterian church on Thursday evening, Fred Hutchinson responded to the toast "What Can the Boy or Young Man Do for the Church?" The following is what Mr. Hutchinson said:

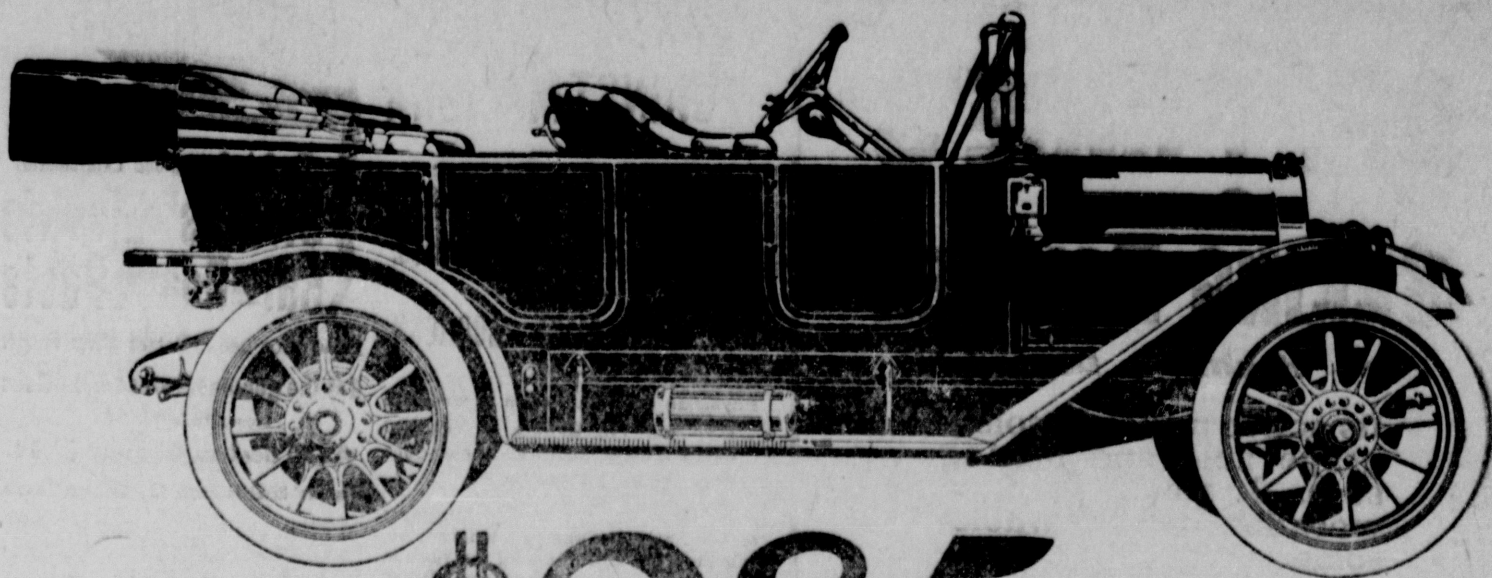

The young man and the boy's place in the church, or in other words, what can the young man and boy do for his church, is certainly a question of great importance which every young man should stop and ask himself. It is important because it pertains to us who are standing on the threshold of the world's activity; before us lie the unknown years of the future, and upon the interest which we take in answering this question for ourselves, depends largely the help and aid which we will render our church in the years to come. We, the young men and boys of the church of today will make up in part the church of tomorrow. Upon our shoulders rests in a large measure the responsibility of making the church of the future the glorious success which it must and is bound to be.

And so I would make as my first point in answering this most important question, the suggestion, that the young man and boy ally himself closely with the different organizations of the church to which he should belong. Although the service which he may render his church during his youth may be small, still by connecting himself with the different organizations and societies of the church, he is preparing himself to grasp efficiently the opportunity for larger service when it comes with more mature years. The Sunday school, the Young People's society and the other organizations are the training school for the moral and spiritual sides of our nature, the same as the day school is for the intellectual. Therefore, we owe it not only to the church of today to belong to these societies, thereby making it a success, but to ourselves and to the church of tomorrow, because of the training which we gain therefrom. The chief offices of the church are held by men. The men who now hold these positions will soon pass off the scene of action, and their places must be filled by some of us. Will we be capable? Will we be able? That is the question.

A second way, I think, in which the young man may help his church is by making it a progressive church. The church must keep abreast the times, the same as any other great enterprise. It cannot stand still, it must not backslide. Upon the young people rests in a large measure this responsibility. We are the ones who, with our fresh enthusiasm, must, as a rule, introduce the new ideas which shall aim at progress. The older members, who have been attending church for years, probably would be satisfied with the existing conditions, whatever they might be. But if the church is to reach out and grasp the young people who are non-Christian, it must progress as the world progresses. That is why the church is demanding young men as its ministers. It feels the need of fresh enthusiasm and new ideas. The church is too apt to drift into a rut and stay there. But we, the young men of the church can keep it on the high road to success if we will only lend a helping hand and do our part.

The third and probably the most important way which I might mention is that the young man and boy lead a good clean, moral and spiritual life—that is, live up to his convictions in his daily life to the best of his ability. Nothing will reflect more credit back on the church than to have its members show forth in their daily lives, that they are honorable, moral and upright men, especially as they come in contact with those who are not Christians. This is especially true of the young man, for the world has not yet placed its estimate upon him, and hence he is watched all the more keenly.

The church and the young man brought up under its influence may be likened to a manufacturing concern and its products. If the products turned out by the concern are first class and what they should be the concern will prosper and grow, because the high standard of the products speaks a better word for the manufacturers than all the advertising which they might do. But if, on the other hand, the products are inferior and not up to the standard which they should be, the concern is bound to lose business. The young man brought up in the church may be spoken of as its product. If, as he goes out to fight life's battles, he holds close to the straight and narrow way, and if through his daily life radiate those manly and Christian virtues which have been impressed upon him all through his youth, the non-Christians with whom he comes in contact will begin to see that after all the church and what it stands for is worth while, if it can produce such characters as he. And hence, unconsciously, he is reflecting back honor and credit upon the church. But if, on the other hand, this same young man, as he goes out into the world, begins to drift away from those principles which he knows

Beauty that captures the eye—
Distinction that gets a second glance—
Class—these are part of the surplus value you get
when you buy an

Overland

How can they do it? Here is the answer: Just consider two automobile manufacturers. One builds five thousand cars in one season and the other (The Overland) produces forty thousand in the same time. A certain tool and machine equipment, which is needed by both manufacturers, no matter how few or how many cars they make, costs, say, \$100,000. The cost of all manufacturing equipment must ultimately come out of the manufactured goods. That principle holds good for all manufactured articles, whether they be peanut roasters or automobiles. To the manufacturer of only five thousand cars the cost of this \$100,000 equipment is, therefore \$20 per car; to us it is only \$2.50 per car.

When you multiply this saving by the many special appliances in use in the Overland plants, the fact that we offer you an absolutely high-class and fully-equipped car at the low

price of \$985 ceases to be a wonder and becomes a plain business proposition and a matter of mere arithmetic.

Then imagine a site of ninety-four acres all dotted with buildings, testing roads, transportation facilities, a floor space of 3,789,720 square feet, seven thousand workmen, and the most up-to-the-minute machinery equipment that money can buy. That is the home of the Overland, a home in the full sense of the word, because every part used in the construction of the car enters here at one side of the plant, in the form of raw material moving ever onward in a steady stream, to leave at the other end, a product finished in every detail, and ready for the road.

The whole process goes on continuously hour by hour, day by day, each machine doing its part, each operative skilled in the one department, yet the whole factory so balanced and run that the greatest number of cars can be produced under a system that permits no part to double on its track or to go to the same machine twice.

Come in and take a look at the big \$985 Overland. Compare it with other cars. Take a ride in it. It involves no obligation on your part. Then draw your own conclusion. That's all.

PLANS BATTLE AGAINST MALARIA

Drainage Congress Discusses Relation of Swamps to Disease.

DR. EVANS MAKE ADDRESS.

Physician Says Extinction of Mosquito Will Add Ten Dollars to Value of Every Acre of Southern Land—Corn Crop Would Be Doubled.

St. Louis, April 12.—The delegates to the National Drainage Congress began the work of organizing the various local drainage boards and committees into a national drainage federation. A malaria conference, at which the relation of swamp lands and floods to disease also was held, and the report was submitted to the general committee of the congress.

Dr. Evans of Chicago said malaria could be annihilated in the south by fighting mosquitoes, draining swamps, educating the people to sleep behind screens and distributing quinine to those who could not buy it. He said that the extinction of the mosquito would add \$10 to the value of every acre of land in the south, and under anti-malarial conditions the total corn crop would be doubled.

Dr. Evans said that in Illinois malaria had practically been killed, particularly in Chicago. He said that negroes brought from the south to work on the Chicago drainage canal infected mosquitoes with malaria and then it was necessary to take measures to stamp out the disease.

"Thirty years ago," he continued, "Chicago, New York and Brooklyn each had more malaria than any southern state has today. The fight against malaria is nothing new. India and China have had to handle the problem."

FACING FIRE RISK PROBLEM

Property Owners Alarmed by Threat of Compulsions to Leave Missouri.

Jefferson City, Mo., April 11.—State Insurance Commissioner Revelle said a serious problem will face the property owners of large cities of Missouri if the fire insurance companies with draw from Missouri because of the anti-trust provisions of the new insurance law.

"If the companies do business on a competitive basis," he added, "and do not form combinations to fix rates, they need have no fear of the Missouri insurance laws."

If the large companies withdraw from the state, he said, it is doubtful if the small companies can assume the risks in the large cities.

Woman Abandons Her Hunger Strike.

St. Joseph, Mo., April 12.—Clyda Rozley of Des Moines, a prisoner in the city workhouse here, who has been on a hunger strike for four days, relieved the situation by devouring a half dozen sandwiches. She called for food after the prison doctor had begun to make preparations for forcibly feeding her. She had become weakened by the fast and the authorities were alarmed. She is now partaking of the prison fare regularly and with relish.

Flood Situation Becomes Critical. Jefferson City, April 12.—Adjutant General O'Meara telegraphed to Governor Major that the flood situation is critical at Caruthersville, Mo.; that the stores there are closed and all citizens are working on the levees. The river is stationary, but is expected to begin falling tomorrow.

Missouri Rising at Kansas City. Kansas City, April 12.—As a result of the heavy rains in the upper part of the Missouri river valley, principally in South Dakota, the river is rising and will continue to rise for the next four or five days. A flood here is improbable, according to Observer Corner of the local weather office.

POPE RECEIVES BISHOPS

Pontiff Making Speedy Recovery to Normal Health.

Rome, April 12.—Despite the injunctions of his physicians and the remonstrances of his attendants, Pope Pius X. received three bishops, who headed a pilgrimage to Rome to visit him, and bestowed upon them the papal blessing. His holiness, wearied by his efforts, fell into a deep sleep after his physicians had made their customary call. The bishops, who had been warned to make the audience as short as possible, left the papal bedroom, their eyes brimming with tears.

The recovery of the pope from his relapse apparently is progressing rapidly. His sisters, speaking with the parish priest of Reize, their birthplace, said the condition of the pontiff was now so satisfactory that it was possible he would be able to receive some of the pilgrims from his native region within a few days.

Oregon Schooner Wrecked.

Eugene, Ore., April 12.—A message from Florence, Ore., at the mouth of the Siuslaw river, stated that the gasoline schooner Anvil had been wrecked there "with a crowd aboard." After the receipt of this brief word the wires to Florence went down and no details could be obtained. The Anvil was a vessel 116 feet long, running from Portland to Bandon, and had a crew of twelve men. It carried passengers as well as freight.

The Only Guaranteed Extremator Stearns' Electric Rat and Roach Paste

Coughs and Consumption.

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by the Orear-Henry Drug Co.—Advertisement.

BIG JIM

This jack has been duly registered in the Standard Jack and Jennet Register of America. Color gray with white points, foaled May 10, 1909. Sired, Joe Sephus, by Sunlight. Bred by J. E. Clary, Sheridan, Mo. Weight 1,000 pounds.

MACK

Mack is a black Percheron horse, weight 1,500 pounds and 8 years old.

This jack and horse will make the season of 1913 at Wm. Alexander's, south of stock yards, at Pickering.

TERMS—\$10 for the jack and \$5 for the horse to insure colt to stand and suck. Money for service becomes due and payable if mare not known to be with foal, is parted with or removed from original locality. Care will be taken to prevent accidents, but will not be responsible should any occur. Colt held for service.

Farmers phone. Call Bell or Hanamo at my expense.

J. R. Braniger, Owner

BLACK BILLY—Sired by Wayland Smith, being half brother to Dewey. Billy is one of the best breeders in Northwest Missouri. His colts show for themselves.

HERO—Black Jack. White points, 8 years old, stands 15 1/4 hands high, horse measure, and is registered as such. He has the bone and style and everything it takes to make a first class jack. He has power to be a great one.

MAJOR WARNER—Black jack, 8 years old, 14 1/4 hands high, horse measure; registered as such. He is half-brother to Old Romeo. He is by C. M. Daily's great herd jack, Wm. J. Bryan, one of the greatest jack producers of the age. His dam is the mother of seven colts, five of them selling for \$2,500. I think this is the greatest jack I have ever owned.

The above animals will make season of 1913 at my farm, 1 1/2 miles east of Pickering. Terms: Black Billy, \$8.00; Hero and Major Warner, \$10 to insure living colt.

I will not be responsible for accident.

VOLUME 3.

MARYVILLE, MISSOURI, SATURDAY, APRIL 12, 1913.

NO. 269.

JONES TO ENTER

CHILLICOTHE FAVORITE WILL BE IN TRACK MEET.

20 SCHOOLS IN CONTEST

More Interest This Year Than Ever Before in Big Annual Inter-High School Meet.

That the track meet and the literary contests to be held in Maryville April 25 and 26 will be a great success is evidenced by the interest taken by the high schools over the Normal district. Twenty high schools will be represented in the track meet, and nearly that number will be in the other contests. "The representatives of Central high school of St. Joseph for the literary contents have been chosen. Miss Hazel Vaughn, a sophomore in that school, will be in the declamation contest. Cedric Priebe will be in the essay contest, and William Stone will be in the oratorical contest. The subject of Priebe's essay will be "The Panama Canal as a Factor in American Commerce." Stone's subject will be "Prosperity Around." The Central school will send a large delegation here for the annual contests and will enter in all of the events for the track meet. The orchestra from Central will also furnish music for the oratorical contest.

Chillicothe high school is going to make a strong effort to carry off the honors in the track meet, and the following is from the Chillicothe Constitution of Friday's issue:

The local high school will have the strongest team ever to compete for the prizes at the Northwest Missouri track meet at Maryville the latter part of this month. Nicholson, the Missouri university star hurdler, who won second place in the Olympic games at Stockholm, Sweden, last season, will be here April 17, 18 and 19, and will work the locals continuously for the three days and will probably have them in the pink of condition by the time of the fray. Some of the local students who will participate in the meet will be Harry Hayden, the all-star athlete who took first honors at the Maryville meet last year with some ten to twelve high schools competing. Hayden is every bit as good as he was a year ago, and by the time for the Northwest meet he expects to even touch finer point than a year ago.

Horace Scruby, one of the youngest members of the team, is fast rounding into fame as a hurdler and pole vaulter and is expected to feature in the winning this year.

Jones, the short runner, has records from other schools of the state to prove his ability. There are few better.

Charles Glasgow promises to develop into another Steele, who holds some of the highest records of the world for his long runs. Glasgow is long winded, well developed and fast on his feet.

Kenneth Russell is a general man of no mean accomplishments. He is a first class high jumper and will be found at the top.

Curtis Perryman is general manager of the team and is a hustler for true. Beside having a business head he is a long runner and will probably take part in the meet.

The local team has secured new equipment of every sort and hard work will be started immediately. One of the largest delegations that ever accompanied them to Maryville will be present this year to see them mount the top and establish a few more records to the already large number held by Chillicotheans at the western city.

W. C. Parrish and Lee Rasco of near Barnard were in the city Saturday.

Mrs. Bert Wray went to St. Joseph Friday evening.

Sweet Pea Seed

True Spencer Orchid Flowered, 20c per oz. Ordinary varieties, 10c per oz. Nasturtium Seed in best mixture of either tall or dwarf, 20c per oz. Fresh Cut Flowers for any occasion, in appropriate arrangements, and plants for all purposes at all seasons of the year. Best quality at reasonable prices.

LAST NUMBER IN COURSE.

Miss Marie Jones and Mrs. Ella Van Huff in Successful Recital Friday Night.

The song recital Friday night at the First M. E. church by Mrs. Ella Van Huff, contralto, of Kansas City, assisted by Miss Marie Jones, soprano, of this city, who studies with Mrs. Huff, closed a very successful course of musicals, which has been conducted during the season under the auspices of the Conservatory of Music.

Mrs. Huff, who is by no means a stranger to music lovers of Maryville, possesses a voice of rare quality and exceptional volume. Years of study with the great voice teachers in three countries has given her seemingly perfect control, and her effects in interpreting the various songs of her program were obtained with absolute ease, whether requiring the greatest volume or the most delicate pianissimo.

Her selection of songs for this program was happy indeed, and everybody was more than pleased with the entire recital. As an encore for her last group, Mrs. Huff sang "The Cradle Song," the music of which was composed by Prof. P. O. Landon. This proved to be one of the most pleasing numbers.

The duets by Mrs. Huff and Miss Jones were thoroughly enjoyable. Miss Jones' solo, "The Flowergirl," by Beethoven, convinced her many admirers here that she is improving and developing what has always been a remarkably pleasing voice. Certainly one is safe in predicting for her a brilliant future.

TO HAVE BANQUET TUESDAY.

The Methodist Brotherhood to Have Affair and Rev. Simpson of Shenandoah the Speaker.

The Methodist Brotherhood will hold their monthly banquet Tuesday evening at 6:30 in the parlors of the church. Everybody is invited to attend and the tickets will be 25 cents. The speaker of the evening will be Rev. Frederick Simpson, pastor of the First M. E. church of Shenandoah, Ia., who will talk on the subject "A Man's Job." Music will be given by the First M. E. Sunday school orchestra, directed by T. B. Maulding.

On Sunday morning Rev. Gilbert S. Cox will deliver a sermon on the men of the Methodist Brotherhood, and an opportunity will be given to any one desiring to join. At the close of the morning sermon the newly elected officers of the Brotherhood will be installed. The following are the officers: C. C. Corwin, president; J. W. Airy, vice president; Chester Bennett, secretary treasurer; S. H. Kemp, chairman of social service committee; Prof. J. A. Lesh, chairman of religious work and Bible study committee; John Moore, chairman of social membership committee.

RURAL EXERCISES MAY 17.

Date of Track Meet and Literary Exercises of Polk Township Graduates Fixed.

The rural commencement exercises and track meet of the rural graduates of Polk township will be held in Maryville, Saturday, May 17. The exercises will take place at the Empire theater at 1:30 o'clock, and immediately after the track meet will follow and will be held on Main street. This was decided at a meeting of the Polk township teachers held at the Maryville Business college on Saturday morning.

The officers selected by the teachers follows: Miss Golda Roach, president; Miss Mary Fordyce, secretary, and Miss Grace Fisher, treasurer. For the track meet, Prof. V. I. Moore will be referee, H. P. Swinehart starter and L. M. Eek, announcer. The judges for the meet will be Homer Neff and Gordon Vickery.

The committees selected follow: Program committee—Golda Roach, chairman; Mary Fordyce and Mary Watson.

Decorating committee—Grace Fisher, chairman; Homer Neff, Gordon Vickery, Hazel Masters, Eva Whitehead and Ruby Ruddell.

CAMPAIGN STATEMENTS.

Those Who Ran at the Recent Township Election Are Filing Their Expense Accounts.

Several of the candidates at the recent township election are filing their campaign expense statements with Recorder Wray. E. H. Bainum, successful candidate for trustee, spent \$30.45; W. L. Johnson, elected as justice of the peace, spent \$2; E. F. Hamlin, elected assessor, spent \$13.75; Jacob B. Moore, defeated candidate for assessor, spent \$16.40; Richard Snyder, elected constable, spent \$8.60; R. L. McDougal, elected justice of the peace, did not spend a cent in his campaign.

PAVING ORDERED

CAMPAIGN STARTED AT COUNCIL MEETING FRIDAY.

THE SESSION WAS LONG

Special Meeting Monday Necessary to Finish Up Large Amount of Business in Sight.

At the council meeting Friday night the paving campaign in the city was started by the council. They adopted ordinances and resolutions to pave with brick Fifth street from Market to Buchanan, a distance of two blocks, and in front of the new postoffice building; Market street from First to Third streets, a distance of two blocks; two alleys, one between Main and Market, and between Fourth and Fifth streets, and the other alley between Main and Market and between Second and Third streets.

There will probably be some remonstrance petition filed against the contemplated paving, and it is necessary to have a majority of the property owners against the paving before it is defeated. If a majority can be secured then the council will advertise for bids for the paving and work will start.

Another street to be paved will probably be Thompson street from Main to Market. It is understood that the property owners are in favor of the paving here.

A petition for a sidewalk for West Halsea street was allowed.

The council meeting was a long session Friday. They adjourned to meet again on Monday evening.

The council decided to stand good for the paving tax bill for the library. The bill was held by Mr. McClurg, and the council agreed to pay him over \$500 with 8 per cent for four years.

Silage Cheapens Production.

The Kansas experiment station has an experiment comparing the manufacture of milk from grain and from a silage ration. It found that the grain ration when used cost \$1.05 to produce the 100 pounds of milk, and when silage was substituted in that same ration for half the grain it reduced the price to 68 cents per 100 pounds, a difference of 37 cents. It also found that it cost 22 cents to produce one pound of butter fat in the case of where grain was used, and only 13 cents where silage was used to take the place of half that ration. A difference of 9 cents again. The profit per cow per year where grain was used, \$58.50. You will notice that it increased the profit from each individual in that herd \$34 to cut the corn and put it in the silo. Bellows Bros. are selling silos.

Will Speak at Rockport.

Judge W. C. Ellison is to be one of the main speakers at the thirteenth annual meeting of the State Association of County Assessors, to be held in Rockport, May 1, 2 and 3. Governor Elliott W. Major will also deliver a talk at the meeting. Judge Ellison will talk on the "General Revenue Laws and Equalization of Laws on Personal Property and Real Estate in Missouri."

Moved to St. Joseph.

Mrs. Frank Crockett and family went to St. Joseph Friday to make their home, also a niece of Mrs. Crockett, Miss Sylvia Murphy, who makes her home with them. Ursie Crockett, who is employed at The Democrat-Forum office, went with the family, but will return to his work the first of the week. He is just recovering from a two weeks' illness.

In City Police Court.

Nate Logan was fined in city police court Saturday morning by Mayor Robey, when he pleaded guilty to being drunk. The fine and costs amounted to \$11.10.

LIVE STOCK MARKETS.

CHICAGO.
Cattle—100. Market steady. Estimate tomorrow, 22,000.
Hogs—7,000. Market 5c higher; top, \$9.45. Estimate tomorrow, 33,000.
Sheep—2,000.
KANSAS CITY.

Hogs—1,000. Market 5c higher; top, \$9.30.
Sheep—None.
ST. JOSEPH.
Cattle—None.
Hogs—800. Market 5c higher; top, \$9.20.
Sheep—None.

ALDEN A SUICIDE

MARYVILLE MAN TAKES HIS LIFE IN KANSAS CITY.

TRIED TO QUIT DRINKING

He Was 36 Years Old and is Survived by Wife and Daughter—Was Well Known Here.

A telephone message was received Saturday morning at 10 o'clock by Edwin Brewer, 721 East Fourth street, of this city, from his son-in-law, Everett Connor of Kansas City, saying that Ernest Alden, formerly of Maryville, had committed suicide in that city Friday night at 8 o'clock by shooting himself. Mr. Connor requested Mr. Brewer to tell the news to Mr. Alden's mother, Mrs. A. E. Alden of this city, who lives near the Brewer home.

The Kansas City papers of Saturday morning, it is learned, stated that Alden, who is a barber, had been drinking heavily for a few days, and his wife gave it as her opinion that he was despondent over the hold the appetite for drink had on him and that he took his life because of it. She said he had threatened many times to commit suicide. The account in the papers said that he went home Friday night about 8:30 o'clock to his home, at 1105 Garfield, and said to his wife: "I'll never take another drink after tonight."

Soon after he entered the bed room vacated by his wife, who had been pleading with him to stop drinking, and shot himself in the temple with a revolver.

The Alden family moved to Kansas City last August, where he was employed as a barber. He was 36 years old and is survived by his wife and a 12-year-old daughter, Marie. Mrs. Alden is a daughter of Star Carmichael of Pickering and a sister of Mrs. Alfred Royston of this city.

The deceased had been employed in Maryville at intervals for a number of years as a barber. He had tried many times to give up the habit, and had succeeded in letting liquor alone for several months at a time, but would break over again and lose his position. No funeral arrangements have been made, but the burial will probably take place here.

News of Society and Womens' Clubs

Going to Have a Sock Social.

At the meeting of the Ladies' Aid society of the Buchanan Street Methodist church held Friday afternoon at the home of Mrs. J. H. Thorp, plans were made for a sock social to be given the evening of May 1. After the business meeting the ladies had a good social time and refreshments were served by the hostess, assisted by her daughter, Mrs. William Mann, and her daughter-in-law, Mrs. Charles Thorp. The society adjourned to meet next Friday afternoon at 2 o'clock at the home of Mrs. Henry Stapler.

Mothers' Circle Meeting.

The Mothers' Circle met at the home of Mrs. Leslie Dean Friday afternoon. Following the devotional a short business session was held. Mrs. E. B. Sheldon was elected delegate, with Mrs. C. E. White alternate, to the first annual convention of the Missouri branch of the national congress of mothers, which convenes at Louisiana, Mo., April 29 and 30. The Maryville Circle is very proud to be represented in this congress. The Circle acknowledges a vote of thanks from the ward schools for the planning and equipping of emergency cabinets in each of the schools.

A question which has been playing hide and seek with the Circle for several months was finally hunted out and presented by Mrs. Eugene Ogden. She defined one of Maryville's needs, as a social center for young people, combined with a rest room for our rural friends. This subject was received with enthusiasm in the round table discussion, led by Mrs. Berney Harris.

In the meantime, while we are waiting to equip this club room, we must not forget to "swat the fly"—which reminds up that an "ounce of prevention is worth a pound of cure." There might not be so many flies to swat if only some kind of a garbage system could be established.

The Circle will meet with Mrs. W. H. Allen the second Friday in May.

FARMERS MUTUAL HELD MEETING

Company Refused to Increase Amount of Risk Above \$2,000—Directors Elected.

The Farmers Mutual Fire and Lightning Insurance company of Nodaway county held their annual meeting in the city Saturday for the purpose of electing three directors and going over the annual report of business transacted the past year. A. Shiel and Wm. Woods of Burlington Junction and Dr. E. W. Bishop of Ravenwood were again selected as members of the board of directors of the company. The other members on the board are J. L. Hepburn, Hopkins; C. D. Hooker and U. I. Wilson, Maryville; Wm. M. Blackwood, Clearmont; R. B. Gex, Graham; D. A. Northover, Hopkins.

The contemplated change in the by-laws of the insurance company to increase the limit on single risks to an amount greater than \$2,000, as it is at present, but not to exceed \$3,000, was voted down.

The report of the company shows that there has been an increase in business of \$262,250, and the total amount of insurance written now is \$4,027,450. The numbers of members last year were 2,846, and the number of members at present is 2,982. The policies issued were 723, renewals 409 and new ones 314. Additional policies issued were 128.

The losses during the year amounted to \$9,110.28. The balance in the treasury at the present time is \$8,001.28.

The insurance company has been organized for the past twenty-two years, and since that time A. Shiel of Burlington Junction has been its secretary. There was a large attendance of the members present at the meeting Saturday.

WON'T DRIVE THEM OUT.

Rule of Reason to Govern State Officials in Dealing With Insurance Companies.

Missouri will not drive the fire insurance companies out of business by stringent enforcement of the new Orr bills, one of which contains an anti-trust clause and the other repeals the Oliver rating act adopted two years ago. The enforcement of the anti-trust provisions will be along the "rule of reason" lines promulgated by the United States supreme court in recent decisions, and the companies may reform actuarial and rate bureaus to furnish information concerning policy risk rates.

That program is the result of conferences in Jefferson City between Charles G. Revelle, state insurance commissioner, and John L. Barker, attorney general.

"The companies may re-establish the actuarial bureau, may consult rate cards or books or any information from any source in determining the rates to be charged," Mr. Revelle explained. "But the bureau must not dictate—as it has done; it simply may inform or recommend to the companies concerning rates. The mere fact that two or more companies charge the same rates will not be sufficient to convict under this statute unless the state goes further to show the rate uniformity is due to a mutual agreement."

"If the old companies withdraw there should be no damage to credits or investments. There are now forty-two reciprocal and mutual insurance companies in Missouri, and enough more to handle all risks can be organized at once."

"The laws will not affect in any way the investment, mortgage and security business as has been threatened."

Visiting at Gallatin.

Mr. and Mrs. John Dawson went to Gallatin Saturday for a few days' stay. They will visit the family of D. D. Deem, formerly of Maryville, while there. Mrs. Deem is expected home soon from Kansas City, where she underwent a serious surgical operation in one of the hospitals there. This is the second operation Mrs. Deem has submitted to in the last year, necessitated by an injury she received in a runaway two years ago.

Twin Baby Died.

Doris, one of the twin daughters born to Mr. and Mrs. John Ashbrook of Skidmore three weeks ago, died Friday night, of stomach trouble. The funeral and burial services were held Saturday afternoon at 4 o'clock at the Skidmore cemetery, conducted by Rev. S. D. Harlan. Mr. and Mrs. Ashbrook have two other children, Georgia and Dorothy, the twin sister of the dead child.

Attended Child's Funeral.

Mrs. Stant Garten returned to her home in Pickering Friday, having come to Maryville Thursday to attend the funeral services of Donald Eugene Hilsabeck, who died Wednesday night.

AFTER THE CUPS

NORMAL AND HIGH SCHOOL BOTH AFTER THEM.

TRIAL COMES TUESDAY

Besides the Orations on Washington and Lincoln, Excellent Program Has Been Prepared.

If you want to hear about 400 leather-throated students give vent to their enthusiasm with songs and yells, and also hear four excellent orations, two on Abraham Lincoln and two on "The Father of His Country," come out to the First Christian church next Tuesday evening and take in the Washington-Lincoln oratorical contest between the representatives of the Normal and the local high school. How George "did things" to his father's favorite cherry tree and rode to death his mother's choice quadruped and many other interesting points in the career of Washington will be told by Miss Myrtle McPherron, representing the Normal, and Miss Laura Craig of the high school. "Honest Abe" will be properly taken care of by George Crowson of the high school and James Jones of the Normal.

The winner of the Washington contest will be presented with the handsome silver trophy cup which was purchased at the time of the first contest by the local G. A. R. and a similar cup will be given the successful Lincoln contestant, this cup having been presented by the local chapter of the W. R. C. Each cup is to be kept by the school whose representative wins it, until the next contest.

Mr. R. L. McDougal will preside as chairman of the ceremonies. Aside from the orations an interesting program has been arranged. Following is the order of the evening's exercises:

Song, "America."
Invocation.
First oration—Mr. James Jones.
Second oration—Mr. George Crowson.
Vocal solo—Miss Nellie Wray.
Third oration—Miss Myrtle McPherron.
Fourth oration—Miss Laura Craig.
Conference of judges.
"Comrades in Arms"—Normal Male Quartet.
Offering.
Presentation of cups.
Benediction.

SUES FOR A DIVORCE.

Maud Norman Brings One Against C. E. Norman, Charging Non-Support.

A suit for a divorce was filed Saturday morning in the office of Circuit Clerk Rathbun by S. E. Browne, an attorney of Hopkins, for Maud Norman against Charles E. Norman. The petition states that they were married January 2, 1905, in Maryville and lived together until August, 1909, when the defendant failed and refused to support and care for the plaintiff, and it was necessary for her to take in washing to support herself, causing her to be ill and in a weakened condition, so that she was unable to continue the work. The petition says the whereabouts of the defendant is not known. The case will come up at the June term of court.

DEATH AT BURLINGTON JUNCTION

A. J. Aesdale Died at 5 o'clock Friday Evening—Funeral Monday Morning at 10 o'clock.

A. J. Aesdale, aged nearly 77 years, died at his home in Burlington Junction Friday afternoon at 5 o'clock, after a protracted illness.

The funeral services will be held Monday morning at 10 o'clock at the family home. Mr. Aesdale was a member of the United Presbyterian church. He is survived by his wife and two sons, Wilson and W. J. Aesdale, who are proprietors of a general store at Burlington Junction.

Goodson Lytle, a member of the 1912 class, who is now working in Clarinda, Ia., was a visitor last Monday. Among the other visitors of the week were Miss Eleanor Smith, Miss Hazel Everhart, Miss Anelo Lorraine, Miss Helen Helpy and Theodore Robinson.

The Postia Quid society held their first meeting Tuesday afternoon. Five professions were discussed by the students and Dr. Hamilton, who has just recently moved here, gave a very interesting talk on medicine as a profession. The next meeting will be held next Tuesday. Edgar Hull will lead a discussion on the "Type of the Present Business Man," and there will be a debate on the question "Resolved, that a business offers more chances for success than a profession." Halley Ford and Philip Colbert will take the affirmative and Kiker Sawyers and George Wamsley will take the negative.

Jack Holt, a member of the junior class, was operated on Tuesday morning for appendicitis at St. Francis hospital. From the last reports he is getting along nicely.

The girls' basket ball team, captained by Mildred Hancock, won the series between the two girl teams by winning from Nina Bent's team 6 to 2 last Thursday. There were four games played and Mildred Hancock's five was the victor in three of them. A team will be picked to play the Normal girls next Friday.

The dual track meet between the high school and Normal scheduled for last Friday was cancelled on account of the weather.

An elimination contest was held Fri-

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Sunday Services at Local Churches

First Presbyterian Church.

Our service program for tomorrow is as follows:

Sunday school at 9:45 a. m.

Morning worship at 11 o'clock. The sermon will be about "Some Things That Money Cannot Buy."

Young People's club at 7 p. m. Miss Ora Eckles will speak on Clara Barton and the work of the Red Cross.

Evening service at 8 o'clock. The sermon will deal with "Our Friendly Foes."

Monday at 3 p. m. the pre-presbyterial meeting will begin. The Rev. B. P. Fullerton, D. D., LL. D., will be the speaker. Dr. Fullerton is in charge of the south and southwest for the board of home missions of the Presbyterian church. He was moderator of the general assembly in 1908. He will open the pre-presbyterial conference, which will continue through Tuesday.

Mr. J. M. Patterson of the foreign board and Rev. R. H. Houseman, superintendent of Sunday school work for the Presbyterian church in Nebraska, will, with Dr. Fullerton, conduct the Tuesday sessions.

Tuesday evening Rev. Herbert Blair of Korea will be the speaker.

Wednesday the presbytery will hold its meeting, and in the evening Dr. J. H. Speer, superintendent of home missions for the synod of Missouri, will deliver the address.

The presbytery will close its session Thursday noon.

Monday evening the Normal Male Quartet will sing.

Tuesday evening, Mrs. F. P. Robinson will sing, and on Wednesday evening Rev. Gilbert S. Cox will sing.

All of these meetings are for all who are interested in the upbuilding of the kingdom.

The men who will address the evening congregations will bring inspiration to the pastors and people of all our churches, and the Presbyterians hope that these evening meetings will be attended by their Methodist, Christian and Baptist friends, and that the people of the city will avail themselves of these opportunities. We expect from seventy-five to a hundred delegates.

SAMUEL D. HARKNESS.

First Christian Church.

Regular preaching by the pastor, Rev. Claude John Miller, both morning and evening.

Bible school at 9:30.

Junior Endeavor at 2:30.

Intermediate Endeavor at 6:45.

Senior Endeavor at 7. Leader, Beal Roseberry. This is the honorary members' meeting. Subject, "I Can Do All Things." Special music at this service.

Morning subject, "Lazarus of Bethany." Evening subject, "Why Study the Bible?" This is the second of a series of sermons on the Bible. The first one was given last Sunday evening. The next two will be given as follows: April 20, "How to Study the Bible;" April 27, "The Bible an Indestructible Book."

The music for the regular church services will consist of a solo by Mrs. Harry Todd in the morning and an anthem in the evening.

The Dietz sisters orchestra will furnish special music at the Sunday school. All are cordially invited to attend these services.

First M. E. Church.

Sunday school at 9:30 o'clock. There were 350 present last Sunday and you are needed to make the Sunday school better tomorrow.

Preaching services at 10:45 with sermon by the pastor on "The Modern Crusaders." The choir will sing "The Lord is My Light," by Salter. There will be a class of young people from the Sunday school admitted into the church membership and others will join by letter. At the close of the sermon the installation of the newly elected officers of the Methodist Brotherhood will take place.

Epworth League at 7 o'clock. Leader, Ralph Strader.

Prof. Harry Miller of the Normal will occupy the pulpit in the evening at 8 o'clock. The choir will sing "Praise Ye the Father," by Gounod.

REV. GILBERT S. COX.

First Church of Christ Scientist.

Church edifice, South Main street.

Sunday morning service 11 o'clock.

Sunday school at 9:45 o'clock.

Wednesday evening service at 8 o'clock.

Reading room located in church, and is open daily except Sunday from 2 to 5 p. m.

Subject lesson-sermon April 13th, "Are Sin, Disease and Death Real." The public is cordially invited to attend all services.

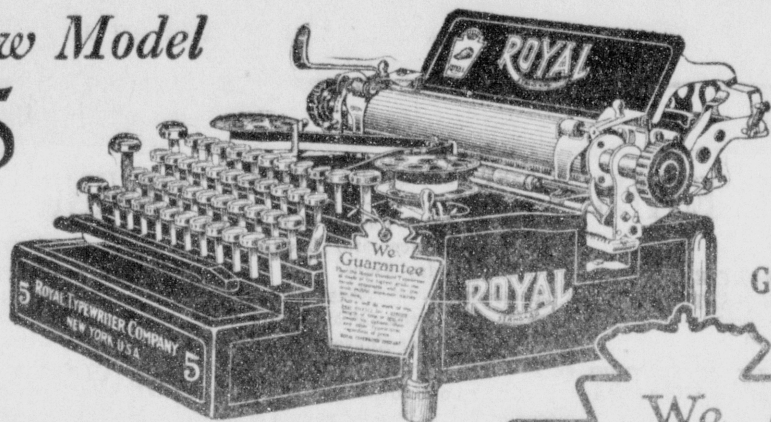

Buchanan Street Methodist Church.

Sunday school at 9:30. The biggest, best and brightest Sunday school of the year last Sunday. Another great lesson for tomorrow.

Preaching at 10:45 by the pastor.

ROYAL
STANDARD
TYPEWRITER

We Guarantee

That the Royal Standard Typewriter is made of the highest grade materials obtainable and by the most skillful workmen money can hire.
That it will do work of the best quality for a greater length of time at less expense for upkeep than any other typewriter, regardless of price.
ROYAL TYPEWRITER COMPANY

If you seek up-to-dateness in typewriter improvement, the New Model 5 Royal offers the Two Color Ribbon device, Tabulator, Back-spacer, Tilting Paper Table, Hinged Paper Fingers—and other features (many exclusively our own), which place the Royal unquestionably in the lead.

If simplicity and durability of construction are uppermost to you, remember the Royal has less parts, and less weight than other standard typewriters, while its strength and sturdiness are such that a Royal Typewriter has never yet worn out in reasonable service.

If you judge a typewriter by its action, you will find in the Royal a delicacy and lightness of touch combined with perfect alignment and marvelous manifold power, which will meet the most exacting requirements.

Old mistakes are avoided, and new efficiency added, in the Royal. Let us prove our statement, you'll find the proof interesting.

'Phone or write for "The Royal Book" and Free demonstration of New Model 5

Price \$75—same as for Model 1 with Tabulator. No extras

S. L. BEECH, Dealer and Distributor

Bell phone 412. Maryville, Mo.

Subject of the sermon, "Not in Things Possessed." The speaker will attempt to show the modern need of greater sanity toward the possession and use of wealth.

League at 7 p. m. The service will be led by Miss Beulah Abshire.

The pastor will preach again at 8 o'clock on the "Secret of Mammon's Might."

You are cordially invited to these services.

JOS. D. RANDOLPH, Pastor.

First Baptist Church.

Rev. Lewis Jacobson, a senior at William Jewell college, at Liberty, Mo., will occupy the pulpit of the First Baptist church Sunday morning and evening at 11 and 8 o'clock. Miss Marie Gayle Jackson will sing "The Light is Growing Divine," by Shelley, at the morning service, and Mrs. Charles C. Moore will sing "Bearing His Cross," by Harkness, at the evening preaching service.

Sunday school at 9:30 a. m.
B. Y. P. U. at 7 p. m. Miss Eva Davis will lead the B. Y. P. U. Subject, "I can do all things through Christ, who strengtheneth me." Scripture lesson, Phil. 4:13.

All persons having any of my chicken coops I would greatly appreciate their returning same at their earliest convenience.

J. A. SPEIRS,

Clarinda Poultry House.

Mrs. W. L. Schoonover left Friday evening for Beatrice, Kan., to visit Mrs. W. H. Pfeiffer.

Quality and Service Command the Price

YOU who are on your feet lots and wear out lots of shoe leather will do well to consider where and by whom your shoes are repaired, for know ye this, there is a vast difference between different machines used in the shoemaker's trade.

There are MACHINES and then there are machines, which to the bystander knowing nothing about their workings, look very similar to one another.

Yet there is a difference, and this is plainly shown in the work done by the two.

Take a poor machine and good leather and work is turned out that the mechanic ought to be ashamed of, and again, take this same leather—or some of the BEST—and let the repairing be done on a first class machine, operated by a man who has had years of training at that make of machine and many years experience as a shoemaker, and what kind of a job have you then? The answer is a self-evident fact—

A job that not only pleases the customer's eye and knowledge of superior workmanship, but also pleases his feet.

I never have any work to do over. My machine is absolutely the BEST MADE—GOODYEAR—and my prices are no higher than INFERIOR GRADES OF WORK. First class or no charges. If you can't come, use parcel post.

R. S. BRANIGER

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Thedford's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron. This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Thedford's."

"Going Some!"

We are certainly going some when we are the direct cause of Portland Cement, slumping in Maryville from fifty cents a sack

To 36 cents

But now you remember, it's not going much lower; and say, I was about to remark, just the other day, I bought quite a large house bill, of beautiful lumber, from the C. Hafer Lumber Co. of Council Bluffs, Ia., and what I can do, anybody can do, and they tell me, too, "they are awfully fine people."

"Yea verily, the end isn't yet."

"Of Course,"
Holt for High Prices

WHAT CAN THEY DO?

The Young Man and Boy's Place in the Church as One Boy Viewed It.

At the man and boy banquet at the First Presbyterian church on Thursday evening, Fred Hutchinson responded to the toast "What Can the Boy or Young Man Do for the Church?" The following is what Mr. Hutchinson said:

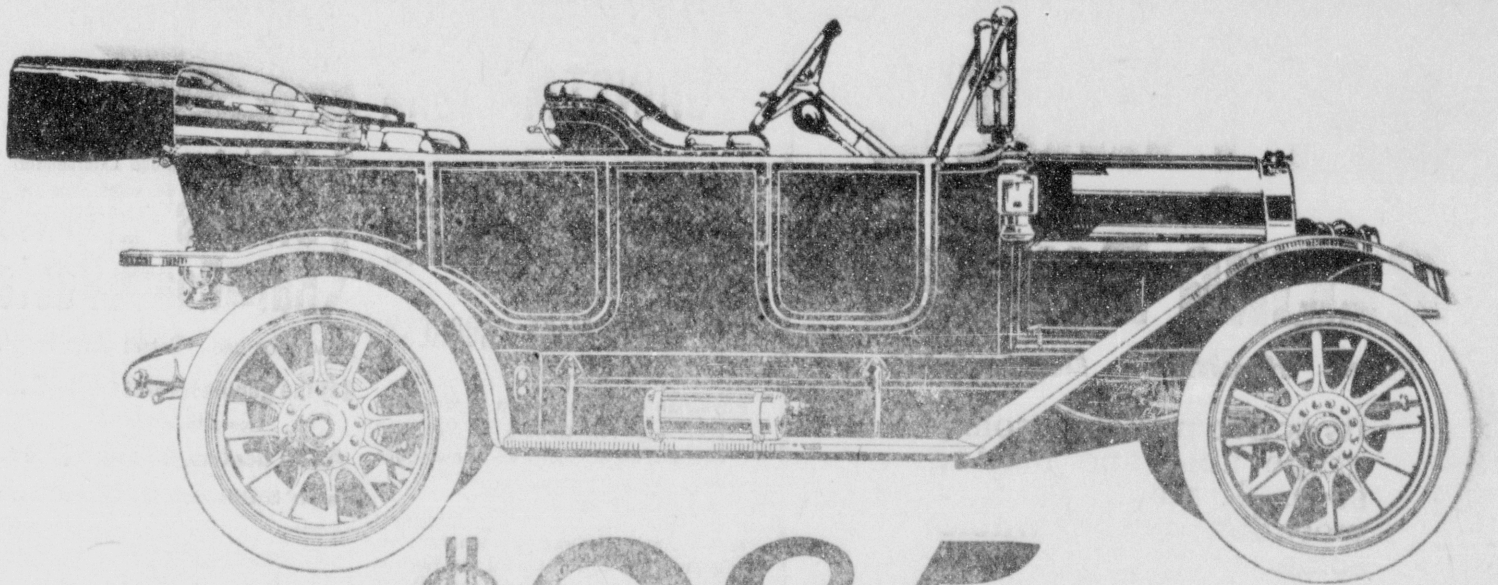

The young man and the boy's place in the church, or in other words, what can the young man and boy do for his church, is certainly a question of great importance which every young man should stop and ask himself. It is important because it pertains to us who are standing on the threshold of the world's activity; before us lie the unknown years of the future, and upon the interest which we take in answering this question for ourselves, depends largely the help and aid which we will render our church in the years to come. We, the young men and boys of the church of today will make up in part the church of tomorrow. Upon our shoulders rests in a large measure the responsibility of making the church of the future the glorious success which it must and is bound to be.

And so I would make as my first point in answering this most important question, the suggestion, that the young man and boy ally himself closely with the different organizations of the church to which he should belong. Although the service which he may render his church during his youth may be small, still by connecting himself with the different organizations and societies of the church, he is preparing himself to grasp efficiently the opportunity for larger service when it comes with more mature years. The Sunday school, the Young People's society and the other organizations are the training school for the moral and spiritual sides of our nature, the same as the day school is for the intellectual. Therefore, we owe it not only to the church of today to belong to these societies, thereby making it a success, but to ourselves and to the church of tomorrow, because of the training which we gain therefrom. The chief offices of the church are held by men. The men who now hold these positions will soon pass off the scene of action, and their places must be filled by some of us. Will we be capable? Will we be able? That is the question.

A second way, I think, in which the young man may help his church is by making it a progressive church. The church must keep abreast the times, the same as any other great enterprise. It cannot stand still, it must not backslide. Upon the young people rests in a large measure this responsibility. We are the ones who, with our fresh enthusiasm, must, as a rule, introduce the new ideas which shall aim at progress. The older members, who have been attending church for years, probably would be satisfied with the existing conditions, whatever they might be. But if the church is to reach out and grasp the young people who are non-Christian, it must progress as the world progresses. That is why the church is demanding young men as its ministers. It feels the need of fresh enthusiasm and new ideas. The church is too apt to drift into a rut and stay there. But we, the young men of the church can keep it on the high road to success if we will only lend a helping hand and do our part.

The third and probably the most important way which I might mention is that the young man and boy lead a good clean, moral and spiritual life—that is, live up to his convictions in his daily life to the best of his ability. Nothing will reflect more credit back on the church than to have its members show forth in their daily lives, that they are honorable, moral and upright men, especially as they come in contact with those who are not Christians. This is especially true of the young man, for the world has not yet placed its estimate upon him, and hence he is watched all the more keenly.

The church and the young man brought up under its influence may be likened to a manufacturing concern and its products. If the products turned out by the concern are first class and what they should be the concern will prosper and grow, because the high standard of the products speaks a better word for the manufacturers than all the advertising which they might do. But if, on the other hand, the products are inferior and not up to the standard which they should be, the concern is bound to lose business. The young man brought up in the church may be spoken of as its product. If, as he goes out to fight life's battles, he holds close to the straight and narrow way, and if through his daily life radiate those manly and Christian virtues which have been impressed upon him all through his youth, the non-Christians with whom he comes in contact will begin to see that after all the church and what it stands for is worth while, if it can produce such characters as he. And hence, unconsciously, he is reflecting back honor and credit upon the church. But if, on the other hand, this same young man, as he goes out into the world, begins to drift away from those principles which he knows

Class—these are part of the surplus value you get
when you buy an

Overland

How can they do it?

Here is the answer: Just consider two automobile manufacturers. One builds five thousand cars in one season and the other (The Overland) produces forty thousand in the same time. A certain tool and machine equipment, which is needed by both manufacturers, no matter how few or how many cars they make, costs, say, \$100,000. The cost of all manufacturing equipment must ultimately come out of the manufactured goods. That principle holds good for all manufactured articles, whether they be peanut roasters or automobiles. To the manufacturer of only five thousand cars the cost of this \$100,000 equipment is, therefore \$20 per car; to us it is only \$2.50 per car.

When you multiply this saving by the many special appliances in use in the Overland plants, the fact that we offer you an absolutely high-class and fully-equipped car at the low

price of \$985 ceases to be a wonder and becomes a plain business proposition and a matter of mere arithmetic.

Then imagine a site of ninety-four acres all dotted with buildings, testing roads, transportation facilities, a floor space of 3,789,720 square feet, seven thousand workmen, and the most up-to-the-minute machinery equipment that money can buy. That is the home of the Overland, a home in the full sense of the word, because every part used in the construction of the car enters here at one side of the plant, in the form of raw material moving ever onward in a steady stream, to leave at the other end, a product finished in every detail, and ready for the road.

The whole process goes on continuously hour by hour, day by day, each machine doing its part, each operative skilled in the one department, yet the whole factory so balanced and run that the greatest number of cars can be produced under a system that permits no part to double on its track or to go to the same machine twice.

Come in and take a look at the big \$985 Overland. Compare it with other cars. Take a ride in it. It involves no obligation on your part. Then draw your own conclusion. That's all.

PLANS BATTLE AGAINST MALARIA

Drainage Congress Discusses Relation of Swamps to Disease.

DR. EVANS MAKE ADDRESS.

Physician Says Extinction of Mosquito Will Add Ten Dollars to Value of Every Acre of Southern Land—Corn Crop Would Be Doubled.

St. Louis, April 12.—The delegates to the National Drainage congress began the work of organizing the various local drainage boards and committees into a national drainage federation. A malaria conference, at which the relation of swamp lands and floods to disease also was held, and the report was submitted to the general committee of the congress.

Dr. Evans of Chicago said malaria could be annihilated in the south by fighting mosquitoes, draining swamps, educating the people to sleep behind screens and distributing quinine to those who could not buy it. He said that the extinction of the mosquito would add \$10 to the value of every acre of land in the south, and under anti-malarial conditions the total corn crop would be doubled.

Dr. Evans said that in Illinois malaria had practically been killed, particularly in Chicago. He said that negroes brought from the south to work on the Chicago drainage canal infected mosquitoes with malaria and then it was necessary to take measures to stamp out the disease.

"Thirty years ago," he continued, "Chicago, New York and Brooklyn each had more malaria than any southern state has today. The fight against malaria is nothing new. India and China have had to handle the problem."

FACING FIRE RISK PROBLEM

Property Owners Alarmed by Threat of Companies to Leave Missouri.

Jefferson City, Mo., April 11.—State Insurance Commissioner Revelle said a serious problem will face the property owners of large cities of Missouri if the fire insurance companies withdraw from Missouri because of the anti-trust provisions of the new insurance law.

"If the companies do business on a competitive basis," he added, "and do not form combinations to fix rates, they need have no fear of the Missouri insurance laws."

If the large companies withdraw from the state, he said, it is doubtful if the small companies can assume the risks in the large cities.

Woman Abandons Her Hunger Strike.

St. Joseph, Mo., April 12.—Clyda Rozeley of Des Moines, a prisoner in the city workhouse here, who has been on a hunger strike for four days, relieved the situation by devouring a half dozen sandwiches. She called for food after the prison doctor had begun to make preparations for forcibly feeding her. She had become weakened by the fast and the authorities were alarmed. She is now partaking of the prison fare regularly and with relish.

Flood Situation Becomes Critical.
Jefferson City, April 12.—Adjutant General O'Meara telegraphed to Governor Major that the flood situation is critical at Caruthersville, Mo.; that the stores there are closed and all citizens are working on the levees. The river is stationary, but is expected to begin falling tomorrow.

Missouri Rising at Kansas City.
Kansas City, April 12.—As a result of the heavy rains in the upper part of the Missouri river valley, principally in South Dakota, the river is rising and will continue to rise for the next four or five days. A flood here is improbable, according to Observer Conner of the local weather office.

POPE RECEIVES BISHOPS

Pontiff Making Speedy Recovery to Normal Health.

Rome, April 12.—Despite the injunctions of his physicians and the remonstrances of his attendants, Pope Pius X. received three bishops, who headed a pilgrimage to Rome to visit him, and bestowed upon them the papal blessing. His holiness, wearied by his efforts, fell into a deep sleep after his physicians had made their customary call. The bishops, who had been warned to make the audience as short as possible, left the papal bedroom, their eyes brimming with tears.

The recovery of the pope from his relapse apparently is progressing rapidly. His sisters, speaking with the parish priest of Reize, their birthplace, said the condition of the pontiff was now so satisfactory that it was possible he would be able to receive some of the pilgrims from his native region within a few days.

Oregon Schooner Wrecked.

Eugene, Ore., April 12.—A message from Florence, Ore., at the mouth of the Siuslaw river, stated that the gasoline schooner Anvil had been wrecked there "with a crowd aboard." After the receipt of this brief word the wires to Florence went down and no details could be obtained. The Anvil was a vessel 116 feet long, running from Portland to Bandon, and had a crew of twelve men. It carried passengers as well as freight.

The Only Guaranteed Exterminator Stearns' Electric Rat and Roach Paste

Coughs and Consumption.

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by the O'ear-Henry Drug Co.—Advertisement.

BIG JIM

This Jack has been duly registered in the Standard Jack and Jennet Register of America. Color gray with white points, foaled May 10, 1909. Sired, Joe Sephus, by Sunlight. Bred by J. E. Clary, Sheridan, Mo. Weight 1,600 pounds.

MACK

Mack is a black Percheron horse, weight 1,500 pounds and 8 years old.

This Jack and horse will make the season of 1913 at Wm. Alexander's, south of stock yards, at Pickering.

TERMS—\$10 for the Jack and \$5 for the horse to insure colts to stand and suck. Money for service becomes due and payable if mare not known to be with foal, is parted with or removed from original locality. Care will be taken to prevent accidents, but will not be responsible should any occur. Colt held for service.

Farmers phone. Call Bell or Hanamo at my expense.

J. R. Braniger, Owner

BLACK BILLY—Sired by Wayland Smith, being half brother to Dewey. Billy is one of the best breeders in Northwest Missouri. His colts show for themselves.

HERO—Black Jack. White points, 8 years old, stands 15 1/4 hands high, horse measure, and is registered as such. He has the bone and style and everything it takes to make a first class Jack. He has power to be a great one.

MAJOR WARNER—Black Jack, 8 years old, 14 1/4 hands high, horse measure; registered as such. He is half-brother to Old Romeo. He is by C. M. Daily's great herd Jack, Wm. J. Bryan, one of the greatest Jack producers of the age. His dam is the mother of seven colts, five of them selling for \$3,800. I think this is the greatest Jack I have ever owned.

The above animals will make season of 1913 at my farm, 1 1/2 miles east of Pickering. Terms: Black Billy, \$8.00; Hero and Major Warner, \$10 to insure living colts.

I will not be responsible for accident.
